A GLIMPSE OF SWINBURNE.

Bayard Taylor Called Him Perverse, Willful and Unreasonable. In all important respects except one I found him to be very much what I anticipated, writes Laura Stedman in the North American Review, quoting Bayard Taylor's impression of Swinburne. The exception is instead of being a prematurely wise young man of the world, he is rather a wilful, perverse, unreasonable, spoiled child. His nature is still that of the young Shelley, and my great fear is that it will never be otherwise.

He needs the influence of a nature stronger than his in everything but the imaginative faculty—such a nature as Byron's was to Shelley. He has a weak moral sense, but his offences arise from a colossal unbalanced affection. This, or something like it, is a disorganizing element in his nature which quite obscures the organizing—that is artistic—sense. What I admire in him, yet admire with a feeling of pain, is the unbridled, unrestrained profligacy of the imagination. It is a godlike quality, but he sometimes uses it like a devil. He greatly interests my intellect, but does not touch me magnetically.

He could have no power over me, but on the contrary, I felt that I might be able to influence him in a short time. I had a letter from him the other day which shows that he feels an intellectual relationship between us. Now, this is not a question of relative poetic power, but of a certain diversity of qualities, and I don't mean to be egotistic in saying that I might perform somewhat of the same service for him as Byron for Shelley. I feel that if it is not already too late I could help him to some degree of peace, of system, of law, in short, art.

In this sense he moves my deepest sympathy, for I see now the matter that might be molded into a splendid poet relapsing into formless conditions. It is sad. It is tragic, and if this faculty of mine be foolish, there it is, nevertheless. Without this sense of giving assistance a week along with Swinburne would be tolerable to me or any other human being.

CLOTH AND CLOTHES.

Why Some Garments Keep and Others Easily Lose Their Shape. Every one—in this country, at least—wears clothes. They have to. Consequently every one is more or less interested in the question of clothes. It is not so easy to know good cloth as it seems. Many people, depending on texture, feel, weave and so forth, think that they are judges of cloth. And when, after buying what they believe to be a good piece of cloth, it does not wear well they are greatly surprised. The durability of cloth depends largely upon the length of the individual

Dead Languages.

Dead languages are ones that once were in common use, but are now no longer spoken unless by scholars who have studied them. The ancient Sanskrit, Greek and Latin have been dead many centuries as common speech, although still used to some extent for religious, scientific and literary purposes. Coming down to more recent times, most of the Indian tongues, of which there were many when the white man came, are now dead. All languages have their periods of growth, maturity and decadence, followed by death.—Philadelphia Press.

Quick Change.

Critical Husband—This beef isn't fit to eat. Wife—Well, I told the butcher that if it wasn't good I would send you around to his shop to give him a thrashing, and I hope you'll take some one with you, for he looked pretty fierce, and I didn't like the way he handled his big knife. Husband—Humph! Oh, well, I must say I've seen worse meat than this.—St. Louis Post-Dispatch.

Only the Truth.

"Poor Maud, she thought she'd captured a rich stock dealer." "What gave her the idea?" "Why, she heard that he helped to send wheat up last week." "And did he?" "Yes, he works in a grain elevator."—New York Post.

Wanted a Sleepy One.

"Mother, must Fred and I have a chaperon for tonight?" asked the sweet young thing. "Certainly, dear," replied the mother. "Well, mother, please don't send Aunt Helen as a chaperon because she's got insomnia."—Yonkers Statesman.
